Agency Culture Statement

House of Ruth Maryland is a place where we are as compassionate to each other as we are to the people we serve.

We demonstrate this by:

- *Assuming the best of each other,*
- *Recognizing that each person in the agency plays an important role,*
- *Valuing diversity, and*
- *Fostering an environment of mutual respect.*

Even when faced with differing opinions or offering difficult feedback, our communication is mission-focused and free of personal judgement.

We take personal responsibility in creating this culture and have the right to expect the same from others.
